

L-H Lightweight Headset – Two-way communications for noisy environments

The SAVOX® L-H Lightweight Headset is a rugged and lightweight two-way radio headset designed for industrial users working in demanding environments.

The L-H provides an affordable communication solution that ensures you stay connected to your team while carrying out safe and effective operations.

The L-H can be used/worn behind the neck, or the neckband can be removed to allow the headset to be mounted into most helmets.

Designed for following uses and industries

KEY BENEFITS

- Extremely lightweight (only 60g) Dust and waterproof to IP54
 - Supreme comfort for extended wear
 - Noise cancelling microphone making it suitable for noisy environments
 - Easily adjustable for optimum fit
 - Ideal for users who have to wear a helmet or hard hat
 - Manufactured in-house within Savox production facility for premium quality
