## Multi Purpose Headset

The SAVOX® MP-H is a compact, durable and intrinsically safe com-unit for professionals using helmets. It offers instant clear and reliable "hands-free"-communication, increasing personal safety and work efficiency, allowing full concentration the actual task.

Combined with any SAVOX® com-control/PTT-unit, the high quality speaker and the noise canceling boom microphone provide excellent audio, even in high-noise areas, high speed or heavy wind.

Thanks to the mounting accessories the unit can be used in combination with almost any type of helmet making the SAVOX® MP-H a perfect com-solution for any application where helmets are used.

The SAVOX® MP-H connects to any SAVOX® com-control/PTT unit adapting to most types of two-way radios prepared for an external audio accessory.

### Compatibility

The SAVOX® C-C500 MPM Multi Purpose Remote Speaker Mic is a new type of com-unit that can be used with or without a headset.

The SAVOX® C-C400 com-control/PTT unit has an extra large Push-To-Talk button that secures instant transmission in all situations.

The SAVOX® R-C300 system is flexible and can be customized according to different types of applications.

The SAVOX® R-C300 offers two alternative remote Push-To-Talk solutions, the "riot-ptt" and the "rifle-ptt".
